Create New Employee Application

When a new employee applicant has been selected, this topic will provide steps on how to complete the Employee Application process within MAX for the ATP and AZ MVD Now for the employee applicant.

Overall Process

1. [Step One - Start ATP Employee Application](#) (new Case created by ATP in MAX).
2. [Step Two - Employee Completes Application](#) (in AZ MVD Now).
3. [Step Three - Review and Pay for Employee Application](#) (completed by ATP in MAX).

Notifications

As cases are worked by TPA, most notifications about the case will be sent through the [Internal Office Notifications](#) system. Other notifications may still be completed through emails.

Required Documentation

The Application Type(s) will determine the documentation.

During the Candidate phase, you will upload the documentation. These documents will be uploaded under one PDF for the ATP Employee requirement, except for the Motor Vehicle Record.

Application Status and Reason Chart

The Status and Status Reason combination in the case generally manage the flow of the process, as they are updated, new information in the case is made available to complete in that phase of the case review.

The following lists the various Status and Status Reason combinations and how they impact the case flow.

Not all Statuses will require the ATP to complete something within the ATP Employee Application, most will be completed by the Third Party Administration (TPA).
