AZ ID in Samsung Wallet - Support Information

Unlike Apple Wallet and Google Wallet, AZ ID in Samsung Wallet uses Idemia's mID "engine" to provision and manage the mobile identification in Samsung Wallet. This means that parts of the process are different than they are for the other types of mobile IDs. The primary differences are described below, as well as detailed FAQs and support options.

Steps the customer experiences in adding and presenting their AZ ID in Samsung Wallet: [Samsung Wallet - mDL User Experience](#)

Troubleshooting Matrix for Samsung support team: [Support Troubleshooting Matrix - Samsung Wallet](#).
