Assisted Self-Service Invitations (ASI)

Assisted Self-Service Invitations (ASI) provide the customer an opportunity to upload documents or fund their account through AZ MVD Now without completing the full AZ MVD Now Account Setup and authentication processes.

After verifying the customer's identity over the phone, the CSR can send the customer a limited-time invitation link by email or text. The customer will use the link and code within the email or text (temporary username) to access a restricted guest version of AZ MVD Now, and will use a 4-digit PIN provided over the phone by the CSR to access their account for the specified purpose (Fund Account, Upload Documents, schedule an appointment (PIN not required) or eSign Document).

If the customer does not use the link within the indicated time period, the invitation will expire.

John Jacob Jingleheimer Schmidt
id: 14828848 02/01/1971

The person who receives the email or text invitation may or may not be the customer themselves (e.g. a Parent funds an account for the Child). You will add the Invitation to the Customer Record where the funds or documents will reside, regardless of who receives the email or text.

In the case of **eSign**, regardless of who receives the invitation, the signer of the document (Customer) must verify the Last Name, Date of Birth, and Last 4 digits of SSN in order to eSign the document.
