AZ Wallet

The AZ Wallet app lets you securely store digital versions of state-issued documents. You can add an Arizona driver license or ID and, after adding a mobile driver license, include vehicle titles and registrations. The app is available on Google Play and the Apple App Store.

The app allows you to share document information, manage settings, and review activity history. Usage steps are similar across Apple (iOS), Google, and Samsung (Android) devices. Each platform includes dedicated support pages for troubleshooting and FAQs.
