

You are here: Driver & Event Management > Arizona ID/DL in Mobile Wallets > Arizona Wallet Application

Arizona Wallet Application

The AZ Wallet is a voluntary, secure, app on a smartphone, which allows you to upload a digital version of your ADOT MVD-issued DL or ID. Id's uploaded carry the same legal weight as the physical driver licenses and can be used as proof of identify in-person. This is similar to Mobile Wallets/Mobile ID, except this is a separate app that will allow other state issued documentation to be uploaded in the future. See Arizona Wallet topic for additional information.

Users will need to download the application prior to logging in with existing accounting.

AZ Wallet will not display 'limited term' wording for individuals with a limited (permanent residence) credential.

Expired credentials will not display in the app.

Items that can be added to the AZ Wallet:

- AZ Driver License
- AZ ID
- Vehicle Title and/or Registration

AZ Wallet can be used for:

- In-person when you need to provide proof of identity, ownership, etc.

Until Mobile ID acceptance grows, a physical ID and other documentation should still be carried.

The following links provided information and FAQs such as downloading the app and common errors. Click the link based on the phone type.
