

You are here: Finance & Cash Management > Issue Cash Drawers

Issue Cash Drawers

Issue Cash Drawer allows an office Accountant to assign both a physical cash drawer and a MAX system cash drawer to a CSR so they can process services and collect payments.

For offices that are not issued a physical cash drawer but still process MAX services using forms of payment other than cash, MAX allows them to be issued a MAX system cash drawer with a zero dollar amount, we refer to these as zero cash drawers.
