Payment Processing

For field offices using the integrated Point of Sale (POS) Devices: The OOF Business Units now accept cash, check, credit cards, customer account and PrePaid Vouchers as payment options. This is now the primary BU when issuing cash drawers.

In MAX, services will be added to a Shopping Cart (checkout feature) similar to what online retailers use for purchases. This means you can add multiple services to the cart and view a running total of what is contained in the cart on the **Checkout** screen.

Checkout

Service Summary

Shopping Cart Item	Service Number	Amount	Actions
Vehicle MVR - 1FAHP36N	742355	\$5.00	
Title and Registration - 4XACC38CO	742388	\$42.89

Checkout Summary

Marlon Anthony Brando
2512 E Vista Dr,
Phoenix, AZ
85032
DOB: 7/9/1946

Customer Account:
Primary - \$65.00

Total Amount Due: \$47.89

Balance Due: \$47.89

Change Due: \$0.00

When a customer has funds in an acceptable account, MAX will automatically apply those funds first at Checkout towards the amount due.

View the [Acceptable Methods of Payment](#) topic for more information on the different types of acceptable payments.

Changes made while processing a service are only updated in MAX after the associated fee has been paid and processed during the checkout process. No credentials will print until payment is finalized.

In certain situations, the system may automatically retain changes made - such as a change of address - even if the service is not processed.
