Central Issuance and Mailing

The term Central Issuance refers to any controlled stock (numbered inventory) item not maintained at the MVD Office, but is mailed to the customer from a central location. That central location will be different depending on the item getting mailed to the customer (e.g. credentials and plates are mailed from different areas).

The following items will be mailed from a central location (not maintained at the offices):

- Placards
- Plates
- Tabs and Registration
- Titles (ONLY Print Title Service)
- Credentials
- OHV tabs

Controlled stock (numbered inventory) that remains in the offices:

- AZ Serial Number (SNO) decals for State Assigned VINs
