Adding a Trust

A Trust should be added as an Organization in MAX where the Trustees would be Individuals.

If needed, you can add DBAs to the Organization record for the Trust to reflect the Trustees on vehicle titling.

If the Trust needs to conduct business through AZ MVD Now, view the [Managing AZ MVD Now Logins for Organizations](#) topic, as they will need to complete an AZ MVD Now Administrator Application.

View the [DBA \(Doing Business As\)](#) topic or more information. View the [Title and Registration](#) topic > [Title and Registration](#) section for more information on Trusts or [Ownership Priority, Role Types, & Legal Statuses](#) topic > [Regular Role Types](#) section for more information on legal statuses and Mail Stars.

Creating an Organization Record for a Trust

Mr. Schmidt has set up a Living Trust and would like to title the vehicle in the name of the Trust.

1. *Search* for the Trust in MAX. View [Finding a Customer](#) and [Advanced Search - Other](#) for more information.
2. When the Trust is not found, *click* **Add New Customer**.
3. In the **Customer** dropdown, *select* **Organization**.
4. *Type* the **Organization Name** of the Trust.
5. In the **Organization Type** dropdown, *select* **Trust**. You must select the correct Organization Type here. Currently there is no way to change it after the new record is created.
6. *Type* the **EIN** of the Trust, or *click* **Generate OIN**.
7. *Click* **Add New Address** to add the address for the Trust (and to make the Trust a Level 3 customer with all of the above information. View [Level 3 Customer](#) for more information).
8. *Click* **Save**.
