

*You are here: Customer > Law Enforcement (LECU) Redactions*

## Law Enforcement (LECU) Redactions

Eligible customers may apply to have certain information redacted (hidden) from their MVD records to ensure it is not publicly available. Redacting a customer's personal information is done by [adding a characteristic](#) to their customer record.

If a customer's information is hidden, **do not make any attempt** to view their confidential data unless it is necessary to conduct Division business on their behalf.

### LECU Redaction Eligibility

An eligible person, as defined in statute, may petition the court to prevent their identifying information from being disclosed to any person except as provided by law.

Once approved by the courts, a certified court order will be sent to the Office of Inspector General (OIG) and within 150 days, the Division is required to redact the customer's record.

For other LECU redactions, if the Characteristic needs to be removed to verify customer identity, contact OIG/LECU (Law Enforcement Coordination Unit) before proceeding with the service.

If you have begun the service, but have not finalized, delete the service and start again after OIG/LECU has lifted the redaction.

If you forgot to call OIG/LECU, have finalized the service in MAX, and notice the artifacts are printing with the incorrect address, see [Title & Registration on Redacted Record](#).

### Redacted Information for LECU Redactions

- Home, Mailing, and Domicile Addresses, including City, State, ZIP, County, & Country
- Mobile, FAX, Home & Business Phone Numbers
- Email Addresses
- SSN
- DOB
- Eye and hair color; weight and height
- Electronic Signature
- Photo

## Processing a LECU Redacted Record

Contact LECU at (602) 712-7488 or email at [LECU@azdot.gov](mailto:LECU@azdot.gov) to have LECU temporarily remove the redaction so the service can be completed.

DO NOT send any customer to OIG or give out OIG's address.

Once you have processed the service(s), you must contact OIG/LECU after the customer has verified that all information on the credential and/or title and registration documents is correct so the redaction can be put back on.

## LECU Redaction: Address Change or Duplicate Credential Requested

Any address changes, or if a duplicate credential is requested in-person or by phone may be processed by the CSR **as long as the redaction was lifted by LECU prior to starting the service**.

The redaction must be added back onto the record by LECU after the service was completed.

## LECU Redaction: Processing T & R Transactions

Before starting a T & R service for a customer with a LECU Redaction verify with the customer that their address has not changed since their last service with MVD or an ATP.

- If their address has changed then contact LECU to have the redaction lifted
- If their address has not changed then the following T & R transaction do not require the LECU Redaction to be lifted:
  - Initially titling and/or registering a vehicle into the redacted Individual's name in MAX
  - Registration Renewals
  - Transferring a vehicle out of the redacted individual's name (this transaction never requires the LECU redaction to be lifted)

The customer's full address will print on the service artifacts even with the redaction on their record.

Always have the customer verify their address is correct. If the address is not correct then follow the steps in [T and R Scenarios](#) topic > [Title & Registration on Redacted Record](#) section.

## LECU Redaction: AZ MVD Now Services

Customers with a LECU redacted characteristic **do not** have the ability to active or utilize an AZ MVD Now account without having the redaction lifted first. This decision was made for security reasons by OIG.

A customer with a LECU Redaction may utilize the Express Services on AZ MVD Now when they select 'Continue as Guest' without lifting their redaction. Their information will display as redacted.

For other types of redactions, view the following topics:

- [Address Confidentiality Program \(ACP\)](#)
- [Orders of Protection or Injunction Against Harassment \(OOP/IAH\)](#)
