Logging Into MAX

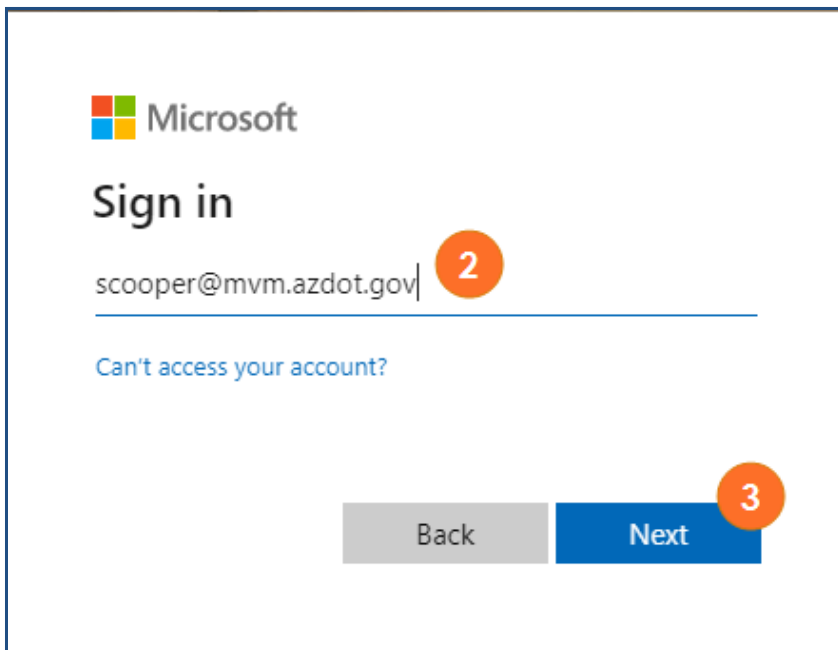

To log into MAX:

From your browser (use Chrome), navigate to the MAX site: <https://web.mvm.azdot.gov>

1. Click **Login** in the MAX Navigation Bar to be directed to Microsoft online to enter your credentials.

2. Type your assigned **User Name** if not already saved. Your user name will likely be FirstInitialLastName@mvm.azdot.gov (example: scooper@mvm.azdot.gov). It should match your AZDOT email name (i.e. jsmith or jsmith1).
3. Click **Next**.

4. Type your **Password** (provided to you separately).
5. Click **Sign in**.

Selecting a Business Unit

A dropdown will appear for you to select the **Business Unit** you wish to work from. A Business Unit is similar to selecting the "office" when you log into the legacy system. In MAX, it will help define what work you will be doing (i.e. Dealer Licensing versus Globe Office) and the associated cash management for that location.

1. From the **Business Unit** dropdown, *select* your Business Unit.
2. Click **Confirm**.

Changing to a different Business Unit

On occasion, you may need to login to a different Business Unit.

Example: As a CSR, you spend a day at a different MVD Field Office. You will need to log in to the correct Business Unit in order to accept the Cash Drawer and transact business for that Unit in MAX.

1. From the Navigation bar, *click* your **Profile** (User Name).
2. *Click* **Business Unit**.

3. MAX will display the Business Unit Selection screen as shown above. *Select* the different **Business Unit** and *click* **Confirm**.
