Voter Registration - Standalone Service

The Standalone Voter Registration service in MAX is available to allow a customer to register to vote without having a credential processed or by completing a Voter Registration form.

- The customer will be completing their preferences using a tablet
- This service is only available in FOOF Business Units
- This service will follow the same rules for eligibility to vote

Processing Standalone Voter Registration

1. From the Services menu, *select* **Voter Registration** under Miscellaneous.
2. *Search for the customer.*
 - The customer must have an established record with authorized presence
3. *Click Add.*
4. *Click Prompt Customer Questions.*
 - This will send the questions to the tablet for the customer to answer

The screenshot shows the 'Stand Alone Voter Registration' interface. At the top, there is a 'Questionnaire' tab and a 'Confirm' button. Below the tab, the 'Questionnaire' section is active, showing a 'General' dropdown menu. Under 'General', the question 'Do you wish to register to vote AND meet the eligibility requirements?' is displayed with 'Yes' and 'No' radio button options. A red circle with the number '4' and the text 'Prompt Customer Questions' is overlaid on the right side of the form, indicating the current step in the process.
