12 Year Photo Update

Arizona issues an extended Non Travel driver license that does not expire until age 65, but residents are required to update their photo every 12 years. At the end of 12 years, a notice will be sent requesting them to visit a MVD Office or Authorized Third Party for a new photo and replacement driver license.

Licensees will be given until the first day of the month following their birth month to act in accordance with the required photo update.

Customers needing a 12 Year Photo Update must apply in person and have a new photo taken. Failing to update photo may cause the customer to be ineligible to receive the following driver services:

- Driver license and instruction permit issuance
- Collection fees, excluding [Abandoned Vehicle Fees](#), [Non-Sufficient Funds](#), and Financial Responsibility ([Mandatory Insurance Actions](#) or [Financial Responsibility](#) topic and/or Vehicle Registration Suspension Fees)
