Cancel Credential - Voluntary

The cancellation of a license is without prejudice. An individual whose license is canceled may apply for a new license at any time after the cancellation. The expiration of a person's license during the cancellation does not invalidate or terminate the cancellation. The cancellation of a license does not affect a pending action against the person.

For a customer to voluntarily cancel a credential (either for themselves or as legal guardian or agent action on behalf of another) they must complete the [Driver License / ID Cancellation Request, form #96-0384](#).

- **All Customers** complete the top section of the form (Name, DOB, Address, City, State, Zip, License Type, Number, Issue Date and Expiration Date)
 - **Individuals** acting on their own complete the Licensee Use section for themselves and have their signature notarized
 - **Agents** acting on behalf of others complete the Licensee Use section, have their signature notarized and must also have Power of Attorney authorization if not signed by the licensee
 - **Legal Guardians** acting on behalf of their minor children complete the Legal Guardian Section and have their signature notarized

An individual whose DL is suspended and requests to cancel their DL and be issued an extended ID is not required to complete the [Driver License / ID Cancellation Request, form #96-0384](#). The request for an ID on a properly completed application serves as written consent to cancel their DL.

Cancellation Identification upon the Issuance of a Driver License

An individual may not possess an identification card and a Non-Travel Driver License (DL). Upon the issuance of a Non-Travel DL, the Division shall cancel the Arizona ID. This does not apply to IP or Travel ID's.

- An applicant may possess both an Arizona ID and an IP
- An applicant may possess a Non-Travel DL and a Travel ID

Cancellation Withdrawal of Consent

A parent or guardian may withdraw their consent at any time, resulting in the cancellation of the minor's DL or IP. The DL or IP cannot be expired. A properly completed Driver License ID Cancellation Request form or a written request for cancellation must be submitted at the time of the request. The written request for cancellation must be notarized and include the minor's:

- Name
- Date of Birth
- License Number

When the parent or guardian requests for a cancellation is submitted after the minor has reached the age of 18, the DL will not be canceled. The following is not applicable once the minor turns 18 years of age. Upon receipt of satisfactory evidence of the death of the person or persons who signed the minor's application, the Division shall cancel the DL or IP and shall not issue a new DL or IP until a new application is made, duly signed, and verified.
