Duplicate Commercial Learner Permit or Commercial Driver License

A Credential Issuance service is used for a replacement Commercial Learner Permit (CLP) or Commercial Driver License (CDL). The duplicate CLP or CDL may be issued at any time, with proper identification; as long as the license is valid and has no open withdrawal actions.

A duplicate CLP or CDL may be issued for:

- Lost, stolen, mutilated
- Change of address
- Name change
- New photo

A duplicate CLP or CDL shall retain the same:

- Class
- Endorsement(s), when already present on the license
 - Customer will need to visit a MVD or ATP office in-person to have endorsement(s) removed
- Expiration date

Customers that have both Non Travel and an Arizona Travel credential are required to have both credentials updated at the time of renewing or applying for a duplicate license and are required to pay for all applicable fees associated with the issuance of both credentials. This will ensure the issue dates and photos are the same on both credentials.

Duplicate CLPs or CDLs may be requested through:

- An MVD Office or Authorized Third Party Provider
- CDLs only: Online at AZ MVD Now (limited to duplicate with no changes and no One Time Mailing Address)

Duplicates for Limited Term and Non-Domicile CDLs

Customers with a Limited Term and Non-Domicile Authorized Presence are required to request a duplicate credential in-person at a MVD or ATP office.

Documents are required to be presented in person for every Non-Domicile CDL and CLP issuance (including duplicates).

Any new SAVE results while processing the duplicate credential will need to be scanned into the customer's documents.

For a Non-Domiciled CLP or CDL, if the SAVE final response does not confirm the I-94 or I-94A category of H-2A, H-2B, or E-2, the Division must not issue (including duplicates), transfer, renew, or upgrade a Non-Domicile CLP or CDL, a required downgrade must be initiated for the CLP/CDL privileges only.
