

Commercial Driver License Restrictions

Commercial Driver License (CDL) restrictions are limits placed upon a customer's driver privileges. Restrictions are triggered by a number of factors, including health issues or types of vehicles the customer is eligible to drive.

- Some restrictions may be in combination of endorsements. View the [Commercial Driver License \(CDL\) Endorsements](#) for more information on endorsements
- Some restrictions may require a CDL knowledge test or CDL skills test to be removed. View the [Removing Restrictions and Testing](#) section for more information on testing requirements

During processing:

When in the Taxes and Fees screen, you will need to manually collect the proper fees for the requested service, which is \$12 for this scenario, but will be processed as an original.

CDL Restriction Examples

- Restricted to non-air brake vehicles
- Restricted to 'No Class A Passenger Vehicle'
- Restricted to no tractor trailer
- Restricted to wearing corrective lenses while driving

View the [Driver License Operational Restrictions Chart](#) for an all-inclusive list.

An over-the-counter MVD office vision test is not acceptable.

If a driver is stating they don't require a B restriction, the Division will require current medical examination documentation.

CDL Restrictions

- During issuance of an initial CLP or CDL, the Restriction should automatically be added
- When adding a restriction or endorsement to a CDL, you will have to ensure all endorsements and restrictions are being re-added, as applicable
- If adding Credential History (out-of-state CDL), you will have to manually add them
- Restriction Code is shown only during issuance or on the physical credential

Commercial Learners Permit (CLP) Restrictions

The following chart indicates which Endorsement and Restriction combination is required for a CLP.

Endorsement Type	Restriction Requirement	Restriction Code
Passenger	No Passengers in CMV Bus	P
School Bus	No Passengers in CMV Bus	P
Tank	No Cargo in CMV Tank Vehicle	X
No Air Brakes Equipped CMV	Not qualified to drive a vehicle equipped with air brakes	L

Commercial Driver Licenses (CDL) Restrictions

Restriction Type	Description	Restriction Code
No Manual Transmission	If the applicant performs the skills test in a vehicle equipped with an automatic transmission, the State must indicate on the CDL, if issued, that the person is restricted from operating a CMV equipped with a manual transmission. For the purpose of the skills test and the restriction, an automatic transmission includes any transmission not operating fully on the gear shift and clutch principle.	E
Intrastate Only	Restricted to driving CMVs in intrastate operation only. This restriction is assigned to CDL holders who are under 21 years of age OR possess a medical variance (waiver or exemption forms). Drivers have this restriction because of age are prohibited from transporting placardable amounts of hazardous materials. For additional information, see the Medical Variance Forms section.	K
No Air Brakes Equipped CMV	If a driver cannot pass the air brakes knowledge test, or if the driver does not successfully complete the CDL skills test equipped with air brakes, a restriction will be placed on the applicants CDL showing they are not qualified to drive a vehicle equipped with air brakes.	L
No Class A Passenger Vehicle	If applicant applying for a passenger endorsement performs the skills test in a passenger vehicle requiring a Class B CDL, the State must indicate on the CDL, if issued that the person is restricted from operating a passenger vehicle requiring a Class A CDL.	M
No Class A and B Passenger Vehicle	If an applicant applying for a passenger endorsement performs the skills test in a passenger vehicle a Class C CDL, the State must indicate on the CDL, if issued, that the person is restricted from operating a passenger vehicle requiring a Class A or B CDL.	N
No Tractor-Trailer CMV	■ If an applicant performs the skills test in a combination vehicle from a Class A CDL with the power unit and towed unit connected with a pintle hook or other non-fifth wheel connection, the State must indicate on the CDL, if issued, that the person is restricted from operating a tractor trailer combination connected by a fifth wheel that requires a Class A CDL. ■ An applicant who passes a skills test using a combination vehicle that is NOT a Truck Tractor Semi-Trailer combination, but is otherwise equipped with a fifth wheel, will be issued a CDL with this restriction	O

No Full Air Brake Equipped CMV	If an applicant performs the skills test in a vehicle equipped with air over hydraulic brakes, the State must indicate on the CDL, if issued, that the driver is restricted from operating a CMV equipped with any braking system operating fully on the air brake principle. Air over hydraulic brakes include any braking system operating partially on the air brake and partially on the hydraulic brake principle.	Z
--------------------------------	---	----------

The below Alert will mean the Airbrake check box was selected in the Credential tab. No restriction will be added to the credential or record.

Alerts

Confirmation Warning - Credential No airbrake restriction will be added to the credential. Is this correct?

No Yes

The below Alert will mean the Airbrake check box was NOT selected in the Credential tab. This will place the 'No Air Brakes Equipped CMV' (L) restriction on the credential or record.

Alerts

Confirmation Warning - Credential Airbrake restriction will be added to the credential. Is this correct?

No Yes

Restrictions Applicable to CLP and CDL

Type	Description	Restriction Code
Medical Variance	If the State is notified the driver has been issued a medical variance (waiver or exemption forms), the State must indicate the existence of such medical variance on the CDLIS driver record and CDL document. Added by MRP; based on medical examination documentation For additional information, see the Medical Variance Forms section.	V
Corrective Lenses Required	If the applicant needs corrective lenses of any type to pass vision screening, a vision restriction must be placed on the CDL indicating the restriction.	B
