Commercial Medical Requirements

Beginning June 23, 2025, MVD will no longer accept paper medical examination documentation for **INTERstate** CLP or CDL applicants/holders that were completed on or after June 23, 2025. **INTERstate** documentation **must** be submitted **electronically**.

INTRAstate CLP or CDL applicants/holders **may** submit **paper** documentation through Create Work Task or the customer may email the documentation to MRP (medicalreview@azdot.gov (for customer)).

The Division adheres to the physical qualifications set by 49 Code of Federal Regulations (CFR) per Arizona Administrative Code (A.A.C) R17-4-508, R17-5-202, and R17-5-204, which must be met by every Arizona licensed driver operating a Commercial Motor Vehicle (CMV). This means, in the interest of public safety, commercial motor vehicle drivers are generally held to higher physical, mental, and emotional standards than passenger car drivers.

No person will be issued a Class A, B, C license, or CLP until all physical qualifications are met.

Customer Required to have Medical Examination

The following CDL customers, on initial application or renewal, must have medical examination documentation certifying they are physically qualified to operate a CMV.

- Any person who has not been medically examined and certified as physically qualified to operate a CMV
- Any driver who has not been medically examined and certified as qualified to operate a CMV during the preceding 24 months
- Any driver whose ability to operate a CMV has been impaired by a physical or mental injury or disease

Certain medical conditions will require the commercial driver to submit the medical examination on a more frequent basis.

Persons Qualified to Conduct Medical Examination

The medical examination must have been performed by a professional licensed to practice by the federal government, in any U.S. state or territory and is registered with the Federal Motor Carrier Safety Administration National Registry of Certified Medical Examiners (FMCSA) [Federal Motor Carrier Safety Administration regulations](#) with one of the following credentials:

- Medical Doctor
- Doctor of Osteopathy
- Doctor of Chiropractic
- Nurse Practitioner
- Physician Assistant
- Licensed Optometrist (may perform medical examinations as pertains to visual acuity, field of vision and the ability to recognize colors)

Required Medical Documentation for CDL

A commercial driver who wants to obtain, retain, or reinstate a commercial driver license (CDL) is required to have a medical professional complete the medical examination documentation to determine if a person is medically qualified to operate a commercial motor vehicle safely.

The medical examination documentation is renewed every 24 months or sooner, as determined by the medical professional or by regulation.

The documentation completed by the medical professional could be **one or all of the following**:

- Medical Exam Certificate (MEC) ([MCSA-5876](#) short form)
 - MEC is renewed every 24 months or sooner, as determined by the medical examiner or by regulation
- Medical Examination Report Form ([MCSA-5875](#) long form)
- Medical Variance forms

▶ Submitting Medical Examination Documentation

Verifying Documentation for Accuracy

The non-excepted **INTRA**state CLP or CDL applicant/holder may provide their **paper** medical examination documentation to MVD Medical Review Program (MRP).

The documentation should be reviewed for accuracy prior to using the Create Work Task. However, MRP will have the final say to determine the form's complete accuracy.

For additional information, see the [Submitting Medical Examination Documentation](#) section.

Verifying Medical Examination Documentation on File

There are a few ways a CSR or a customer can determine if the medical examination documentation is on file.

1. CSR.

- Credential Issuance > Requirements Tab

2. Customer.

- Individual - AZ MVD Now: Either on their dashboard or by using the CDL Medical Exam Documents service
 - For additional information, see [Driver License & ID Menu](#) topic > CDL Medical Exam Documents section
 - For additional information, see [AZ MVD Now: Individuals](#) topic > AZ MVD Now Dashboard section
- Organization - AZ MVD Now: Using the CDL Medical Exam Documents service
 - For additional information, see [Medical Examination Certificates for Orgs on AZ MVD Now](#) topic > Check Status of CDL Medical Exam Documents section

► **Verifying in Credential Issuance > Requirements Tab**

► **No Medical Examination Documentation on File Talk Track**
