Commercial Skills Test

The Division administers Commercial Driver License (CDL) testing based on minimum federal standards for the safe operation of different types of trucks and buses to provide assurance of knowledge and technical skill to inspect and safely operate a Commercial Motor Vehicle (CMV) on the highway.

A Commercial Learners Permit (CLP) holder is not eligible to take the CDL test within 14 days of the initial issuance of the CLP and must wait:

- **Field office:** Come back the following day to retest
 - Any testing, non commercial or commercial knowledge or skills test may be administered only once per day
- **ATP school:** Wait two days to retest

CDL skills tests are administered only by a qualified CDL Examiner, in English only, after the successful completion of all applicable CDL knowledge tests. Upon successful completion of the entire CDL examination process, a CDL may be issued with any necessary and applicable restrictions and/or endorsements.

- CDL skills tests will only be offered in the English language, the use of an interpreter is prohibited
- Per AAMVA: Arizona CDL Examiners can conduct a CDL skills test in a vehicle with a 'check engine' light on. This does not affect the pre-test

If an appointment needs to be scheduled for a CDL skills test, view the [Phone Services > Scheduling CDL Skills Test Appointments](#) for more information.
