Medical Re-Exam Testing

For the initial time or any return visit of a medical re-exam, you must verify the customer is still within the 45 days of the Notice Date of the CAN before sending out to do any testing.

For customers that have failed to complete all tests within the 45 days and the one-year suspension/ revocation time is over, see Medical Reasons topic > [Failed Re-Exam: Suspension/Revocation Time Frame is Over](#) section for additional information on how to proceed.
