Non Commercial Operator Knowledge Test

A knowledge test determines the customer's ability to read and understand official traffic control devices, knowledge of safe driving practices and the traffic laws of Arizona.

Prior to administering any knowledge test the applicant must meet all eligibility, identity, and authorized presence requirements. Testing consists of 30 questions, of which 24 questions must be answered correctly. A score of 80% or higher is needed to successfully pass.

All knowledge test results related to the credential issuance process must be entered into MAX where they will be associated to the customer record to satisfy the requirements for those services when they are started.

The Division offers American Sign Language (ASL) Interpreter for the noncommercial tests, view the [American Sign Language \(ASL\) Interpreter Request](#) topic for the process to request an interpreter.

Fees paid by the customer are valid until the original credential has been issued, after testing has been completed.

Test results that are from the Division are valid for life and do not expire.

The customer paid for and passed their permit test on July, 3rd 2020. They are here today to get their permit issued. We will honor the fees and test results.

[Class G Permit Restrictions Flyer, form #15-1037P](#) has been created to hand to customers when issuing their Class G Instruction Permit.
