Processing Department of Child Safety (DCS) Credentials

The Department of Child Safety allows a DCS Representative to upload a child's documents into MAX prior to coming into an MVD Office to receive an Arizona credential. Documents to be uploaded:

- Birth Certificate
 - The Office of Vital Record DCS Data Verification form will be accepted. There is an agreement between Vital Statistics, DCS , and MVD that we can accept this document as Authorized Presence/ Birth Certificate for a non-travel credential, see below example of the Office of Vital Records form.
- Notice to Provider
 - If minor is applying for a Class G IP: The only person that is eligible to sign the Legal Guardian Certification must be listed in the Out-of-Home Care Provider's Name field on the Notice to Provider, form #CSRO-1035A (see example below; provided by DCS)
 - An organization's name is **not permitted** to be listed in the Out-of-Home Care Provider's Name field on the Notice to Provider **AND** sign for the Legal Guardian Certificate. If an organization's name is listed, a new Notice to Provider form will need to be submitted with an individual's name listed
 - The Legal Guardian Certificate is waived when the minor applicant is applying for a ID, duplicate DL or IP. or reinstatement of a DL or IP, per policy [3.3.5 Licensing Variations Specific to Minors](#)
 - The certificate is required for a IP renewal
- Application; required for an ID, IP, and DL
 - Printed application is required to obtain signatures for IP and DL credentials
- [Consent for a Restricted Instruction Permit for a Minor, form #96-0781](#) when minor is at least 15 years of age and under 18 and applying for a Restricted IP. View the [Credential Types](#) topic > Instruction Permit section > Class G Restricted IP section
