Child Support Arrearage

When an obligor fails to pay child support and or fails to comply with a child support subpoena, the court may direct the Division to suspend the person's driving privilege until the obligor presents a Certificate of Compliance from the court. The court may request a suspension of the license of the customer is not in compliance with the agreement.

The Child Support Arrearage suspension is an indefinite suspension. The suspension will stay in effect until the person submits the following:

- Name
- Date of birth
- Date eligible to reinstate
- Judge or Deputy Court Clerk's signature
- Court seal
- All applicable fees are paid

When the date of eligibility is prior to the current date and the suspension effective date is in the future, the suspension is voided.

Upon receiving a Certificate of Compliance, the CSR will contact the Technical Support Unit at 602-712-4900. The Certificate of Compliance will be scanned to the Technical Support Unit who will determine eligibility and update the customer's record, closing the child support suspension. The CSR may then reinstate the customer's record, if there are no additional withdrawal actions prohibiting the reinstatement.
