

You are here: Driver & Event Management > Credential Issuance > Credential Print Status Queue

Credential Print Status Queue

This function is available to authorized individuals to view the print queues and to change the print status on a credential when needed.

When a credential was processed with an error and a second credential was processed to correct the issue, MAX automatically deletes the first credential from Print Status Queue.

- ▶ **Filter Sections**
- ▶ **Print Statuses and Who can Change Which Status**
- ▶ **Viewing the Print Status for a Specific Credential**
- ▶ **Changing the Print Status for a Specific Credential**
- ▶ **Cancel Print (Folio)**
