Delinquent Taxes

When delinquent taxes are due, a Tax Clearance Receipt will be required BEFORE ANY transaction can be completed. The customer will obtain the Tax Clearance Receipt from the County Assessor, and in some cases from the Sheriff's Department, from the county where the personal property taxes are delinquent in.

The Tax Clearance Receipt MUST contain the following information:

- Name of the county that issued the clearance
- Mobile home year
- Mobile home make
- Vehicle Identification Number (VIN)
- Tax roll number
- Year of delinquency

If the information on the Tax Clearance Letter does not match what is in MAX, the customer will have to contact the County Assessor or Treasurer's office to have them fix the information in MAX through the AZ MVD Now Business portal.

The County Assessor or Treasurer Office may have a different owner on file than what is on the mobile home record in MAX. For this reason the Division will accept the Tax Clearance receipt with a different owner's name as long as the rest of the required information matches our records.

MAX will display an Alert when attempting to process a mobile home title service and there is a County tax due Stop on record.
