Cab Card Correction

If you need to change the Unit Number, USDOT, TIN or MCRS on a apportioned vehicle you will use this service. You should confirm current vehicle details in either the IRP Fleet Vehicles section or the Vehicle Record to compare (especially if the Carrier provided no comments on the FRP Application for what is being changed.)

If changing one of the following in addition to a change in USDOT, TIN or MCRS, use the Amend Vehicle service:

- ☐ Unladen Weight
- ☐ Axles/Combined Axles
- ☐ Weight Group/GVW (increase or decrease)
- ☐ Price
- ☐ Ownership date (if error was made when added)
- ☐ Colorado or Utah special circumstances options
- ☐ Motor Carrier Responsible for Safety (MCRS)

Required Documentation

- ☐ FRP Apportioned Registration Application, form #70-0502
- ☐ IRP Lease Agreement Application, form # 70-0904 if applicable
 - ☐ For equipment or USDOT/TIN
- ☐ If updating an invalid USDOT this service must be processed prior to the [Edit Account Details](#) service
- ☐ All vehicles with an invalid USDOT must be updated

Correcting the Cab Card

If updating an invalid USDOT this service must be processed prior to the [Edit Account Details](#) service.

ALL vehicles with an invalid USDOT must be updated.

1. From the Motor Carrier Account, Fleets section, *select* **Cab Card Correction** from the Fleet Action drop down.

2. Click the **Select icon** of the fleet the vehicle belongs to.

3. In the Service Prequal screen, confirm the fleet that required Cab Card Correction(s) and *click* **Add**.

4. *Search* for the **vehicle** that requires a Cab Card Correction using Plate Number, VIN or Unit Number.

5. *Click* **Search**.

6. *Confirm* the **vehicle** found is correct.

7. *Click* **Continue**.

8. *Update* the required **details**.

9. *Click* **Correct Cab Card**. If there are multiple vehicles in the fleet that need to be updated on this supplement, repeat steps 4-8.

10. You can do Cab Card Corrections for as many vehicles in the IRP Fleet as needed.

11. Once the vehicle(s) have been updated, *click* **Confirm**.

12. *Review* the list of **vehicles updated**.

13. *Click* **Confirm**.
