Create IRP Fleet

Forms Required for IRP

- [New Carrier Checklist, form #96-0255](#)
- [FRP Apportioned Registration Application, form # 70-0502](#)
- [IRP Lease Agreement Certificate, form #70-0904](#)
- [Record Keeping Agreement, form #96-0537](#)
- [IFTA/IRP Application, form #70-0508](#)

Forms Required for Proof of Vehicle Ownership

Title Already Established

When the customer already has an Arizona title or out-of-state registration in their name, the following documentation is required to provide proof of ownership:

- Copy of Arizona title (if applicable)
- Copy of out-of-state registration (if applicable)
 - Will also require a [T&R Application, form #96-0236](#)

Even though a majority of your customers will already have title established in their name, some may require title work to be completed into their name. When that happens, the following documentation is required.

- MCO, out-of-state title, or Arizona title
- Federal Heavy Vehicle Use Tax (Form 2290) for vehicles being registered as 55,000 lbs. and above
- [Power of Attorney, form #48-1001](#), if applicable
- [T&R Application, form #96-0236](#)
- Lienholder documentation, if applicable

View the Motor Carrier Basics topic > Established Place of Business/Proof of Residence section for more information on established place of business requirements.

New IRP Account

The Motor Carrier Account must be established prior to creating either an IRP account or IFTA account.

When a carrier requests an IFTA account only, you will not open an IRP account. When the carrier requests to open both an IRP and IFTA account simultaneously, you must open the IRP Account and add a vehicle to the fleet first before creating an IFTA account.

- Verify all documents have been completed properly and signed by the appropriate person
- Ensure Established Place of Business or Proof of Residence meets requirements

View the [Motor Carrier Basics](#) topic > [Established Place of Business/Proof of Residence](#) section for more information on established place of business requirements.
