Create Motor Carrier Account

The Motor Carrier Account is created for a business or individual opening an IFTA, IRP or IFTA/IRP account with Arizona.

Prior to creating Motor Carrier Customer Account:

- Verify if the applicant has an existing Motor Carrier account in Arizona or in another Jurisdiction -- if they do not, continue.
- Review and ensure all required documentation has been submitted.
- Confirm with the Corporation Commission (<https://ecorp.azcc.gov/EntitySearch/Index>) that the organization is in good standing.
- Confirm the USDOT Number and MC Authority are active and in good standing by checking SAFER or MCMIS.
