Process Motor Carrier Supplement

When processing Motor Carrier Supplements there are a few rules you must remember:

- You can only collect payment on Supplements that have a status of Invoiced.
- Supplements must be paid in chronological order. You will get an error if you attempt to process out of order:

- If any supplement (except renewal supplements) was invoiced in one month and the date it's being paid for is in a future month (example: invoiced a supplement on July 27th but customer is paying for it on August 2nd) you must re-invoice the supplement PRIOR to processing payment for that supplement.
