## Fee Adjustment Report

This report displays a detailed history of fees waived in MAX. This report will include any fees waived due to customer characteristics added or manually waived by the CSR.

This report is for MVD INTERNAL USE ONLY, do not give to customers.

### Overview

- Review the report monthly looking for trends
- Document process errors on the employee scorecard
- Escalate to your Senior Manager any transactions or trend that appears to be outside of normal business practices for additional investigation

See the [Service History](#) topic in One Source for instructions on how to view the service documentation.

### Key Points

Double-check the following:

- Are there waived registration fees
- Are late fees waived in excess of \$100
- Does one CSR appear to waive more “normal business reason” fees than others
  - Do we have documentation to support waiving fees
- In the transaction column look for transactions without a normal business reason to waive fees
  - MVRs (vehicle or driver)
  - Credential Issuance with other than standard fees
  - Compliance payments
    - Do we have documentation to support waiving fees
