Commercial Vehicle Insurance Requirements

An owner or operator of a motor vehicle that is used in a commercial enterprise in Arizona will comply with Arizona's financial responsibility requirements when the motor vehicle:

- Has a declared gross vehicle weight rating (GVWR) of more than 20,000 lbs.
- Transports hazardous materials, hazardous substances or hazardous wastes
- Operates as a bus to transport passengers for hire (other than a car pool operator)
- Is listed on the Division's records as a taxi, livery vehicle or limousine that is used to transport passengers for hire

While proof of insurance is not required at the time of registration, if the motor carrier voluntarily submits proof of current insurance, the pertinent insurance information will need to be added to the Vehicle Information Page.

The blue Self-Certification Affidavits are no longer acceptable as proof of insurance.

Questions pertaining to motor carrier or commercial vehicle insurance or data entry of the insurance may be directed to the Mandatory Insurance Unit by opening a [Service Portal ticket](#).
