Non-Commercial Vehicle Insurance Requirements

The Division requires every owner or lessee of a registered non-commercial motor vehicle to comply with the Arizona financial responsibility (insurance) laws, unless exempted by statute. View the policy [6.1.1 Noncommercial Vehicle Insurance Requirements](#) for a list of vehicles that are exempt from financial responsibility.

The owner of a registered vehicle must provide the Division with proof of liability insurance within 30 days of the initial registration.

If insurance is not provided within the 30 days, the Division will review the Vehicle Information Page to determine if the vehicle is properly insured, or if a notice of intent to suspend the license plate and registration is required.

A person operating a motor vehicle in Arizona shall have evidence of insurance within the vehicle at all times.

Questions pertaining to noncommercial vehicle financial responsibility requirements may be directed to the Mandatory Insurance Unit by opening a [Service Portal ticket](#).
