SR22

An SR22 insurance policy is proof of future financial responsibility. When a person is convicted of a traffic violation or fails to maintain liability insurance coverage for a motor vehicle owned or leased by the person, they will be required to show proof and carry SR22 Insurance for:

Withdrawal Type	SR22 Required Until
DUI (including Implied Consent)	3 years from the Withdrawal End Date
Financial Responsibility Withdrawal	3 years from the Withdrawal Start Date
Judgments	Required throughout the term of the judgment plus a full 2 years AFTER satisfaction of the judgment

Court-ordered suspensions and any suspensions imposed by the Division may run concurrently with any other suspensions.

Once the SR22 is submitted, it becomes a requirement for maintaining a person's driver license. Failure to maintain the SR22 as required will result in a 'Failure to maintain SR22' Withdrawal of the person's driving privilege.

View the [Financial Responsibility](#) topic > [Financial Responsibility & Judgment](#) sections for more information on Withdrawals that require an SR22.

The [Central Issuance Mailing Dashboard](#) > [Processing Dates](#) tab provides the current date an SR22 that was mailed is being worked.

Requirements for Needing an SR22

- A person cited for driving without insurance
- A driver found guilty of driving under the influence (DUI) of alcohol*
- A driver that refused to be tested for possibly driving under the influence
- A person who defaults or cancels on the initial SR22 requirement

*Typically the SR22 requirement for a DUI is for a second or subsequent DUI conviction. However, there are rare instances that a first time DUI would have an SR22 requirement. This is when the DUI conviction from the court comes through to MAX before the Admin Per Se (from law enforcement) does.
