30-Day General Use Permit

The 30-Day General Use Permit allows an unregistered vehicle to operate on the roadway for a 30 day period, and can be issued only once in a 12-month period. The 30-Day General Use Permit is valid in and out-of-state and has no movement restrictions or residency requirements.

The permit may be purchased with the Division or through AZ MVD Now for \$15.00.

When the customer completes a Title and Registration service, the data from the permit(s) will be used to convert to a title and registration record. MAX will display an alert to notify the CSR of the permit conversion.
