90-Day Resident Registration

The 90-Day Resident Registration allows Arizona residents to operate their unregistered vehicle on an Arizona roadway for a 90 calendar-day period while they take care of issues preventing their vehicle from being titled or registered in Arizona.

The 90-Day Resident Registration is valid in and out-of-state and has no movement restrictions.

The permit may be purchased with the Division or by an authorized financial institution for \$15.00.

When the customer completes a Title and Registration service, the data from the permit(s) will be used to convert to a title and registration record. MAX will display an alert to notify the CSR of the permit conversion.
