Temporary Disability Placard

The Temporary Disability Placard is issued to an individual with a temporary physical disability or issued to an organization (profit or nonprofit) that owns or leases a motor vehicle that primarily transports persons with physical disabilities. View the [Placards Overview](#) topic for more information on placards.

This placard is valid for six months. A new [Disability-Deaf/Hard of Hearing Plate/Placard Application - Individual, form #96-0104](#), with a completed medical certification is required if the person who has a temporary physical disability requires or requests a subsequent Temporary Disability Placard.

For **individuals**, up to three Temporary Disability Placards may be issued if the Division determines the applicant's request demonstrates why the placards are required.

- All placards must be issued the same day. If the customer comes back another day requesting an additional placard, they must have a new Disability Application with a new medical certification

For **nonprofit organizations**, that provide assistance to senior citizens, may be issued up to three Temporary Disability Placards and shall maintain record on each volunteer who used placards to transport persons with temporary or permanent physical disabilities (trusts do not qualify).

Temporary Disability Placards are two-sided and red/white.

To qualify for a Temporary Disability Placard, the customer needs to provide a completed Disability-Deaf/Hard of Hearing Plate/Placard Application (form [96-0104](#) or [96-0104b](#) for organizations).

The Medical Certification section must be completed by an authorized Physician, Registered Nurse Practitioner, Audiologist, or Hospital Administrator and have the original wet signature of the examiner (stamp signatures are not acceptable).

► Issuing a Temporary Disability Placard

Renewing a Temporary Disability Placard

There is no option to renew a Temporary Disability Placard. A new Temporary Placard with a full six-month use period may be issued upon completion of a new application and appropriate medical certification.
