Cancel and Re-Establish Title

DO NOT use this service until instructed to do so by a Supervisor or Level 2 MAX Support!

In a situation where you transferred a title to a customer and you determine you've titled it to the wrong customer, you can easily cancel that title, and it will re-establish back to the original owner and credit the fees to the account of the Agent that paid them. The reversal will also take the registration back to how the record was as well, if it was part of the original service.

You must follow this process to ensure it's canceled and re-established correctly. Once this is done you are free to transfer the title into the correct customer's name.

If fees are collected for any additional services (e.g., Print Title, Issue Permit, Update Registration, etc.) after the initial title service that is being corrected, an Alert will display in MAX:

Alerts

Error - Activity on title. Cancel Title with a Cancellation Reason of 'Entered in Error - Re-Establish' cannot continue.

1. From the Services menu **Select Cancel Title**.
2. **Search** for the **Customer** and **Vehicle** related to this service. In this case you will use the customer to whom you mistakenly transferred the title.
3. Once the Customer and Vehicle are located and selected, **click Add**.

Primary Owner Name	VIN	Make	Model	Year	Title Number	Title Issue Date
Perkins	1C4NJPB8500547584	Jeep	Patriot	2016	655H019221077	08/09/2019

Change Title Status to:

Active

9. The title, along with the registration (if part of the original transaction) will be transferred back to the original owner and any fees paid will be credited back to the account of the customer (agent) who paid it.

If any other services (such as Print Title, Issue Permit, etc.) were completed after the incorrect T&R service, then there will be no fees to credit to the customer (agent) who paid for the original service.

NOTE: If a registration was part of the service that was done in error, you will need to cancel the printing of the plate that was generated as part of that registration. Email the Special Plates Unit at specialplates2@azdot.gov that the new plate issued should be canceled. To find the plate number, go to your customer's documents and bring up the Temporary Plate document that was generated in the original service.
