Fee Estimation

To provide a customer an estimate of registration fees when you are outside of a registration service, use Fee Estimation.

The Fee Estimation service will only provide a fee estimation for one year.

In any registration service (Registration Only, Registration Renewal, Title and Registration) , MAX will automatically provide a fee estimation for the registration cycles the vehicle qualifies for (1, 2, or 5 years)

Fees are estimated and based on the year of the vehicle, Factory List Price, use of the vehicle or trailer (including possible commercial registration fees, depending on applicable declared gross weight).
