

You are here: Title & Registration Services > Liens > Add a Lien

Add a Lien

A lien is the legal right to hold another's property to satisfy an obligation or debt. In the case of a motor vehicle, when a purchaser borrows money to pay for the vehicle, the person the money was borrowed from becomes a lien holder and attaches a lien on the vehicle until the money is repaid. Jurisdictions are either title holding or non-title holding.

The lien information will remain on the Arizona vehicle title record until proof is provided to the Division the lien has been satisfied or canceled. View the [Lien Release](#) topic for more information on lien releases.
