Arizona Registration Only (ARO)/ Special Interstate Registration (SPI)

Arizona Registration Only (ARO) or a Special Interstate Registration (SPI) is for vehicles in Arizona that are not eligible to be titled in Arizona. Both AROs and SPIs will be processed the same way in MAX.

A customer moves to Arizona from another state and their vehicle has a lien holder in that state, the customer cannot title their vehicle in Arizona because they do not possess the title.

They are, however, required to register their vehicle in Arizona when they are a resident. This ensures they are paying the appropriate vehicle license taxes and fees to support the development and maintenance of Arizona roadways.

View the [Residency Requirements](#) topic for more information.

If the customer needs to know what state the vehicle is titled in, view the [AAMVA Helpdesk - Vehicle](#) topic for steps on how to run the **NM14 - Vehicle History Inquiry**.

Names & AKAs on Titles

Depending on the situation, names on out-of-state titles or registrations, or title transfer with lienholder, must stay the same and cannot be change during data entry in MAX.

Customer has their maiden name on out-of-state registration and their DL or ID has their married name.

View the [Title and Registration](#) topic > [Title and Registration](#) or [Choosing an AKA During a Title and Reg Service](#) sections for more information.

NATO/Military Member

If you have a NATO member asking for an ARO, view the [Grey Market Vehicles](#) topic > [North Atlantic Treaty Organization Agreement \(NATO\)](#) section for more information on required documentation.
