Renew Registration

After a vehicle has been initially titled and registered, the owner should receive a pre-printed Renewal Invitation notice in the mail, or by email.

Vehicles expiring on the 15th and the last day of the month, the registration notices are emailed or printed to be mailed the first weekend of the immediate month prior to the expiration of the registration cycle.

It is the responsibility of the vehicle owner to renew the registration before the expiration date, even if the Renewal Invitation (registration renewal) notice is not received.

Once the registration is renewed a new registration is printed.

If a customer just needs an idea of what the registration fees will be, use the [Fee Estimation](#) service.
