Personalized and Special Plates

Personalized Plates

Many special plates may be personalized, along with the Standard plate.

- A combination of numbers and/or letters
 - Combination must not conflict with any currently issued plates
 - Combination can be alphanumeric characters consisting of one to seven characters; which is dependent on the type of plate being personalized or if a disability symbol is being requested
 - Characters may be a:
 - Letter
 - Number
 - Space or a half space
 - Symbols (such as =, or any other special characters) are not available, with the exception of the disability symbol
 - [Disability-Deaf/Hard of Hearing Plate/Placard Application Individual, form #96-0104](#) is required if a Disability plate or permanent placard has not been issued
- Displayed on the back of the vehicle
- Personalized plate fees are paid annually, along with a one-time initial postage/handling fee
 - The personalized plate fees for Standard plate do not go to any specific organization; they are remitted back to the Division
- Personalization choices must be approved by the Special Plates Unit
 - If denied, the Special Plates Unit will refund the customer's account
- Personalized plates can be ordered during a T&R service, AZ MVD Now, or through the mail
 - A [Special Plate Application, form #96-0143](#) is required to be completed and submitted only when ordering a special plate through mail)

Special Plates

The Division offers special plates that represent, but is not limited to, colleges, the environment, and organizations (view the [Plate Selections Gallery](#) on the ADOT website for plate background designs).

Some special plates can be personalized (view the [Plates Available as Personalized or Standard](#) section for more information), have the disability symbol, and/or have eligibility requirements.

View the [Eligibility Requirements for Special Plates](#) section and click the plate name to view the specific eligibility requirements for special plates.

When ordering a special plate, personalized standard or personalized special plate for an alternative fuel vehicle, an Alternative Fuel sticker will be required for Tier 1 & Tier 2 vehicle to keep their discounted VLT rate.

The Alternative Fuel sticker cannot be issued to a regular standard plate but may be issued to a personalized standard plate.

See [Fuel Types & Alternative Fuel Vehicles](#) topic > [Alternative Fuel Sticker](#) section and the [Alternative Fuel Vehicles License Plate Scenarios Chart](#) for additional information.

Once a service is completed, the special plate will be mailed to the customer, along with the registration with tab.

View the [Postage and Handling Fees](#) chart for fees for different types of plate scenarios.

MAX generates and assigns license plate numbers. If a temporary plate generates that looks blatantly derogatory, profane, or inappropriate, or if the customer points out that the plate seems inappropriate (Offensive Standard Plate), the CSR would need to:

- *Complete an* [Update Registration](#) *service*
- *Select* **Issue New Plate** for a new plate to be generated. Fees will need to be zeroed out during the service
- Have your upline approver complete the following to request for refund of incorrect plate if the initial service was completed the same day:
 - *Submit a* [Service Portal ticket](#)
 - *Select* **Special Plates** from the Area Impacted drop down
 - In the Detailed description field, begin the description by *typing* the **appropriate cancellation reason**, and then *type* **any additional information** needed
 - Cancellation Reasons:
 - Address Error
 - Burner Plate
 - Offensive Standard Plate
 - Ordered wrong background/Plate Type Error
 - Personalization Error
 - Spacing Error

If the service is completed* **after 4pm on the same day as the initial service, the customer must be notified that they **MAY** receive both plates **AND** an upline approver should still submit the [Service Portal](#) ticket to the Special Plates Unit (SPU).

****ATPs Only:** This process can only be done Monday thru Friday (not on weekends), as you must submit the form the **SAME** day as processing the plate.

If a customer reports a plate they believe to be inappropriate, and they are not the owner of the plate, please have the customer complete the [License Plate Complaint, form #96-0577](#).

If there is a reason to cancel a plate request (e.g., personalization error, plate type error, wrong address, etc.), view the [Personalized and Special Plates topic > Plate Ordering Issues](#) section.

When the Special Plates Unit - Plate Support Request form is submitted for an Offensive Standard Plate, this will inform the SPU to place the plate number on the 'no-no' list.

View the [Personalized Plates: No-No List](#) section for more information.

Customers with questions or concerns that wish to speak to the Special Plates Unit may call the MVD Contact Center at: 602-255-0072. **Do not** give them the Special Plates Unit direct number.

CSRs should see a Lead, Supervisor, or Manager with any issues pertaining to the Special Plate Unit.
