

You are here: Title & Registration Services > Tab Replacement

Tab Replacement

When a customer requests a new vehicle registration decal (tab) or duplicate registration (registration was renewed in MAX after go-live) that has been lost, stolen or damaged, the request may be done in office or through AZ MVD Now, using the Tab Replacement or [Update Registration](#) services.

If only replacing the decal (tab), it is recommended that you use the **Tab Replacement** service in MAX.

Only use the [Update Registration](#) service if making other updates to the registration in addition to replacing the decal (tab).

Once processed, the registration and decal will be mailed to the customer.

Requirements for Requesting a Tab Replacement in Office

- The vehicle registration must be **current**
- Can only be picked up by the registered owner, family member (with the same last name and address as the registered owner), or by using a POA from the registered owner
- Pays \$5.00
 - This fee can be waived provided the owner has not moved, still maintains the mailing address of record and claims non-delivery by the United States Postal Department (e.g., renewed by mail, or AZ MVD Now, etc.). The claim of non-delivery must be made **10 days after the issue date, but within 45 days of the issue date** to qualify for a no-fee replacement
