## Non-Commercial and Commercial Trailers

The Division is authorized to title and register both non-commercial and commercial trailers. Therefore, depending on the declared gross weight and use of the trailer, customers are issued either a permanent or annual registration.

### Permanent Trailers

Non-commercial and commercial trailers qualify for permanent registration.

Non-commercial permanent trailers are used for personal use and will have a declared gross weight between 1 to 10,000 lbs., while commercial permanent trailers are used for business use and will have a declared gross weight of 10,001+ lbs.

### Permanent Registration Requirements

The requirements for issuing a permanent registration to a trailer are as follows:

- The **customer** must always declare the weight
- Customers with non-commercial permanent trailers less than 10,000 lbs. must certify the trailer will not be used for business or commercial enterprise either by checking the appropriate box on the [T&R Application \(Single\), form #96-0236](#) or by completing the [Noncommercial Use Certificate, form #96-0461](#)

- ▶ **Initial Registration Fees for Permanent Trailers**
- ▶ **Subsequent Registration Fees for Permanent Trailers**
- ▶ **Trailers NOT Eligible for Permanent Registration**
- ▶ **Additional Information on Commercial Permanent Trailers**

### Non-Permanent Trailers

Commercial non-permanent (annually) trailers are trailers the customer declares will be used for business purposes or commercial enterprise but will be used at a lower declared gross weight than the commercial permanent (heavyweight) trailers.

The declared gross weight may be between of 1 to 10,000 lbs. and are titled and registered the same as a motor vehicle.

## Title and Register Non-Commercial and Commercial Trailers

View the [Homemade Trailers](#) topic > [Starting a Title and Registration Service](#) for more information on how to process an title transfer for a trailer.

Until we are fully paperless, when you finish the T & R service for the customer, you will print out the Title Summary (artifact), have the customer review and sign, and re-scan into MAX. This will replace the process where you print the T&R Application for the customer to sign.
