A travel trailer or a tent trailer is a non-powered recreational vehicle designed as temporary living quarters for recreational, camping, or travel use.

Title and Registration Requirements

Travel trailers used for recreational purposes and moved on public highways must be titled and registered.

- Customers can choose a 1, 2, or 5 year registration
- Weight is **NOT** declared for travel or tent trailers, therefore no commercial fees will be collected
- The trailer size (length and width) must be recorded, which may be done while adding the vehicle to MAX or on the Vehicle tab during a service

 - MAX automatically calculates the fees based on the trailer size information entered
 - The table below outlines when a Registration fee is collected

40' x 6'	Yes

Converting TV to a Mobile Home

When a travel trailer (TV) is being used as a mobile home (MH), the TV record may be changed to a mobile home record. Or a MH record into a TV trailer record.

A centralized Mobile Home Processing Unit will process this request.

For mobile homes being converted to a travel trailer, view the [Mobile Home Miscellaneous Information](#) topic > [Mobile Homes & Travel Trailers](#) section.

A 'Tiny Home' can be considered a **non-powered recreational vehicle** (travel trailer) or a **mobile home** when the customer verbally declares that the tiny home meets eligible mobile home requirements at the time of titling.

View the [Mobile Homes Process](#) topic for more information on mobile homes.
