

You are here: Title & Registration Services > Update Registration

Update Registration

Update Registration is used most often for:

- Replacing a plate (lost, stolen, damaged, or new plate)
- Requesting a special or personalized plate for the first time; title or registration is already established. View the [Personalized and Special Plates](#) topic for information on how to process
- Changing the vehicle use (e.g., regular to commercial)
- Changing the declared gross weight
- Changing the vehicle's domicile address
- Replacing a decal (tab) (lost, stolen or damaged) in addition to other changes above
- Add or remove a fee exemption

The **Update Registration** service will charge all appropriate fees for the changes you are making (e.g. changing plates). If you have made an error in a previous T&R Service, use the [T and R Corrections](#) service so that MAX appropriately adjusts and credits fees.

- You cannot use Update Registration if the registration has expired. Use [Renew Registration](#) and make changes during that service.
- If the vehicle has a Title Only or ARO, use the Title & Reg service and a prompt will display asking 'Do you wish to add a registration?'
- **IMPORTANT: When doing ANY Update Registration service, it will automatically send out updated registration documents/tabs. DO NOT do a no-fee duplicate tab, or the customer will get two of them.**

Replacement Plate

When a customer requests a new plate that has been lost, stolen or damaged, the request may be done in office or through AZ MVD Now, using the Update Registration services.

Once processed, the plate, registration, and decal will be mailed to them.

Requirements for Requesting a Replacement in Office

- The vehicle registration must be **current**
- A new plate number will issued for a lost or stolen plate

- If the plate is personalized, a new personalization will be required. A \$5 Replacement Plate Fee, plus postage, will apply
- Can be requested by the registered owner, family member (with the same last name and address as the registered owner), or by using a POA from the registered owner
- Pays \$5.00* Replacement Plate Fee, plus postage
 - This fee can be waived provided the owner has not moved, still maintains the mailing address of record and claims non-delivery by the United States Postal Department (e.g., renewed by mail, or AZ MVD Now, etc.). The claim of non-delivery must be made **10 days after the issue date, but within 45 days of the issue date** to qualify for a no-fee replacement

View the [Renew Registration](#) topic > [Replace Plate](#) or [Replace Plate - Lost/Stolen](#) section for steps on how to replace a plate.

*If a customer pays the \$50 reinstatement fee then the \$5 lost plate fee is waived. Postage will be charged.

If the \$50 reinstatement fee is voided then the customer shall pay the \$5 lost plate fee when the plate has been confiscated.

If a Replacement Registration and Decal are needed (but not a plate), view the [Tab Replacement](#) topic.
